To Visit Homes

(Associated Press)

SAN FRANCISCO, March 28—
Dorothy Ellingson, 16 year old ma-
tricide, today gratefully accepted a
respite in the ordeal which she has
been undergoing in the proceedings
to obtain a jury which will determine
her fate.

The jury of nine men and three wo-
men was sworn in yesterday. Jurors
were allowed to go to their homes.
The girl was returned to her cell in
the county jail, not the same girl who
entered there two months ago but an
almost broken girl.

The jury trial is to begin Monday.
It was stated the taking of testimony
will begin and it was denied empha-
tically that the young defendant would
enter a plea of either first or second
degree murder or manslaughter.

AFFIDAVIT AGAINST
SHEPHERD ACCUSER
IS FILED IN COURT

Faiman Is Declared To
Have Performed An
Illegal Operation

EFFORT ALLEGED
BRIBE WITNESS

Woman Asserts That
Germ Cultures Were
Never In College

(Associated Press)

CHICAGO, March 28—An affidavit,
charging that C. C. Faiman whose con-
fession has been made the principal
evidence against William D. Shepherd
charged with murder once operated il-
legally upon a woman and the woman
died, was taken in criminal court to-
day by Shepherd's counsel.

Affidavits, sworn to by William
Scott Stewart attorney for Shepherd
who is fighting to have the court re-
consider its decision denying Shep-
herd freedom on bail, further charg-
ed that the body was disposed of by
turning it over to a laboratory.

Edward T. Clark, one of the first
witnesses in the inquiry which led to
the indictment of Shepherd as the
slayer of his foster-son, William Mc-
Clintock, orphan millionaire, was ques-
tioned by state's attorneys early to-
day on information that he had been
offered \$5,000 to leave the city.

Detectives were sent out to bring
the head of a detective agency, who
was said to have made the offer, in
for questioning. Clark formerly was
a salesman of the National Univer-
sity of Sciences, whose head, Charles
Faiman, was jointly indicted with
Shepherd, after he said he had given
Shepherd typhoid germs and instruc-
tions on how to administer them.

A declaration that a Faiman never
had any germ cultures in his school
were made by Mrs. Luella Rhuebell,
who said she formerly was secre-
tary of the school, and who yesterday
obtained a writ of replevin for the re-
covery from her landlord of certain
documents she said would have a
bearing on the Shepherd case.

The documents, which she said had
been taken from her last Monday,
would clear Shepherd from the
charges against him, she asserted.

Search for any poison traces in the
bodies of Mrs. Emma Nelson McClin-
tock, mother of William and Dr. Ol-
son, exhumed yesterday, continued
today. This was decided upon last
night, following discovery that a form
of heart disease existed in each body.
Chemical analysis of the organs of
the body will take at least a month.
Dr. William McNally, coroner's phy-
sician estimated.

SURVEYS ARE MADE
FOR TWO ROADS TO
LAWRENCE COUNTY

One Or Both May Be In
Building Program
For This Year

BEE LINE NORTH
TO BE IMPROVED

Highway From Athens
Likely To Be Built
This Summer

Surveys have been completed and
plans are being drawn now by state
highway workers for the road from
here to the Lawrence County line, to-
ward Moulton and from here to Fish
Pond branch, toward Courtland, it
was announced Saturday by H. D.
Burnum, engineer in charge of this
section for the state highway depart-
ment.

Mr. Burnum stated he could not
forecast at this time, just when work
will be started on the projects. After
the plans have been finished they will
be sent to Montgomery where they
will be checked.

After final approval, it will be ne-
cessary to accept bids for the work
and complete the other necessary pre-
liminary details. Mr. Burnum said,
however, that he was under the im-
pression that one or both of the roads
would be included in the 1925-26 build-
ing programs.

The road from here to the Law-
rence County line will connect with
the paved road from Moulton, this
way, toward the Morgan line and when
finished will provide an improved
highway all the way from here to
Moulton.

The road from here to Fish Pond
will connect the paving on West Vine
street, with the splendid gravel road
west of Fish Pond in Lawrence Coun-
ty, and will give a good road all the
way of Courtland.

Plans are nearly completed for the
road from Russellville to the Lawrence
County line, Mr. Burnum said.

The road from Athens, northward
toward the Tennessee line, is expect-
ed to be built probably this summer,
the engineer said. When finished a
weak link in the Bee Line highway
will have been eliminated inasmuch
as the new road will connect with the
good road south of Ardmore, which in
turn is connected with the paved road
north of Ardmore.

FATE OF BENNETTS
IN HANDS OF JURY

Jude Estill Finishes His
Lengthy Charge Just
Before Noon

(Associated Press)

CHATTANOOGA, Tenn., March 28—
The case of W. H. Bennett and his
wife Mrs. May Bennett, charged with
the murder of Miss Augusta Hoffman
was given to a Hamilton County grand
jury at 11 o'clock today after a trial
which opened Monday and continued
throughout the week.

Judge Estill announced a recess
until two o'clock when the jury had
retired.

Attorney General George W. Cham-
lee, for two hours today, urged the
jury to convict Mr. and Mrs. Bennett.
Early in his address the prosecutor
read parts of the law, which pertain-
ed to circumstantial and then proceed-
ed to give his theory of the crime and
following what he termed the murder
of the aged dressmaker.

"Convict these criminals and do it
quickly and make the punishment se-
vere," the speaker said.

At the conclusion of Mr. Chamlee's
argument, Judge Estill read his
charge to the jury. The charge was
a document of more than 5,000 words.
In the charge, at the outset, grades of
felonious homicide were set forth of
murder in the first and second degree
and voluntary and involuntary man-
slaughter. The charge drew a distinc-
tion between direct and circumstan-
tial evidence.

STATE REFUSES TO
WAIVE ARGUMENT

Eight Hours Are Given
In Edwards Trial
For Addresses

(Associated Press)

BESSEMER, Ala. March 28—Coun-
sel for Dr. George Edwards today of-
fered to rest his case in the hands
of the jury without argument but the
state refused to waive its addresses to
the jury, and eight hours were given
for argument.

The arguments were begun shortly
before noon, the first address being
made by W. S. Welch, counsel for the
prosecution.

In rebuttal testimony, the state
made a final drive against the re-
putation of Dr. Edwards, which has
been characterized as "excellent" by
scores of witnesses.

Dr. Edwards is charged with slay-
ing his young wife in the Edwards
home on Valley Road on December 2
last. He testified on the witness
stand that an intruder slew the wo-
man and then attacked him. In a
former trial the jury failed to agree
standing 11 to one for acquittal.
Mr. Welch characterized the crime
as "not the product of the thug or
the guttersnipe but the product of
the highbrow." He ridiculed the in-
truder story and the claim that the
defendant was wounded in the hand
after a nocturnal visit.

Italian Girl Fires
In Tampa Court

(Associated Press)

TAMPA, Fla., March 28—Jennie
Sacco, 19 year old Italian girl who
yesterday shot and probably fatally
wounded Simon Mr. Ades, a 40 year
old merchant today expressed regret
when authorities informed her that
the man was still alive.

The young woman, a mother of a
six weeks old baby shot the man in a
courtroom yesterday. He had been on
trial on a statutory charge. After an
hours deliberation a mistrial was
declared.

As Macadas prepared to leave the
room Miss Sacco jumped to her feet,
took a pistol from the baby's robes and
fired. Flames from the gun set fire to
a blanket wrapped about the child and
this, she stated, prevented her from
firing again.

The young woman told authorities
that she had planned to kill the man
if he denied that he was the father
of her child.

"He not only deny it, but he laugh
at me, so I not regret my action,"
she is quoted as saying.
No formal charges have been en-
tered against her.

PETITIONS FAVORING
BOND ISSUES BEING
CIRCULATED TODAY

Endorsement Of Plan
Freely Given By
Cities' Residents

MEETING HELD
FRIDAY NIGHT

Women's Organizations
Will Be Asked To
Help The Project

A campaign in behalf of the bridge
bond issues will be waged actively
in the Twin Cities from now until elec-
tion day, April 7, according to a deci-
sion reached Friday evening at a
meeting held in the rooms of the Al-
bany-Decatur chamber of commerce.

Petitions, endorsing the bridge bond
issues in both municipalities, were be-
ing circulated this morning and were
being signed freely.

The meeting Friday evening was
presided over by Clyde Hendrix, and
enthusiastic talks were made by prac-
tically all those present. It was the
consensus of opinion that a moderate
campaign should be conducted to ac-
quaint the public with all the bene-
fits of the construction of a bridge
across the Tennessee river here this
summer.

A committee with John W. Knight
of Albany and S. A. Lynne of De-
catu as chairmen was appointed to
work with the executive and the other
committees to bring to the people
full knowledge of these benefits and
to seek to get out as large a vote as
possible.

Various women's organizations will
be asked to take a part in the cam-
paign and to enlist the sympathy and
interest of their members in the cam-
paign.

It was decided that petitions would
be circulated in both cities in an en-
deavor to get the signatures of as
many voters as possible in favor of
the bond issue. It is likely the peti-
tions and signatures will be published
within the next few days.

Those present were of the opinion
that something should be carried in
the paper every day to keep the all-
important bridge project before the
people at all times. It was decided
also that a number of cloth banners
should be printed for advertising the
election.

Attention was called also to the
absent vote, with particular empha-
sis being placed on the provision
of law which requires those desiring
absentee ballots to procure them five
days before the election. Those who
will not be in the cities on April 7
were urged to get their ballots at
once, fill out the necessary affidavits
and deposit their ballots with the
probate judge.

The meeting Friday evening proved
tensely enthusiastic for the bridge
movement and the earnestness of
those attending was impressive.

Speakers declared that at no time in
the history of the cities had there been
a more important issue facing the
people, a movement in which the suc-
cessful conclusion meant greater bene-
fits to the community.

It was pointed out that if the bridge
bond issues should fail, that an addi-
tional election could not be held for
one year, during which time it was
not only possible, but very likely, that
other disposition would be made of
the money now available for a bridge
across the Tennessee river.

If the bond issues should fail of
adoption, Albany-Decatur not only
would have to wait one year for a
bridge, but very probably could not
hope to obtain a bridge in many years.

A DAILY PRAYER—We pray Thee to give us the power
to love Him, who gave full expression to Thee.
Real Estate is moving, folks are buying homes, other
folks are building homes, the spring fever hasn't turned
toward laziness.
Better get your Easter suit in a hurry. The churches of
Albany and Decatur are opening the Easter revivals and
every day and evening will call for the best Sunday suit.
Think of the number of vehicles that cross the ferry
every day and then multiply that number by six and you
have the number that will cross the bridge every day.
The chain of towns and cities from Albany-Decatur to
Birmingham are ever growing, ever on the alert to new
business. What is the matter? Good roads, good schools,
healthful conditions, almost ideal climate, and a congenial
fellowship.
There is something else about the building of a bridge
that should not be overlooked, that is the matter of broken
springs on the Sommersville road north of Moulton
street. One can journey to the ferry any time and get his
daily dozen without getting out of the car.
The little city of Cullman has some of the most attractive,
modern and up-to-date establishment in the valley.
The Kiwanis, on a recent visit to that city, were impressed
with the number of comparatively new churches, the
many homes and the splendid business houses.

Gadsden officers have discovered that the "Tombstone
Gang," which amused itself by leaving miniature tomb-
stones at people's homes, together with a warning to the
recipients to get out of the community, has been discov-
ered to be composed of youthful members, who have been
fined and given 90 day sentences.
WHAT IS A REPUBLICAN?
Well, well, at last the Republicans can find nothing to
veto, so as usual as the old saying goes, thieves fall out.
Senator Borah, who holds the world record for long dis-
tance hair and distance gab, now wishes to know what a
Republican is anyway? Many Democrats have thought
what they were, but kept their thoughts under their hats.
The Johnstown Democrat of Johnstown Pennsylvania has the
following to say regarding Senator Borah's question:
Senator Borah recently propounded this query:
What is a Republican, anyway? So far no one has
answered with any directness with the exception of the
New York World. That sapient publication says:
In congress a Republican is a man who will vote
consistently against Republican leadership on the
bonus bill, Mellon plan, tax publicity for incomes,
Japanese exclusion and Bursum pension bill—and then
announce on election day that he is heart and soul
for the president and hopes the landslide will be big
enough to assure the re-election of all little congress-
men who wear the Republican brand.
All of this raises an interesting point. Why are
only a portion of the Republican members in the pre-
sent congress being disciplined, when so many of them
need treatment? Was not the senator or congressman
who defied the president on the bonus bill a bolter?
Were not all the senators who opposed the Mellon
tax plan equally guilty with Lafollette? And so far
as Japanese exclusion is concerned, the whole Re-
publican contingent in congress stepped off the party
reservation.
A rebel is a man who refuses to follow the accredited
leaders. On that basis the Republican majority is
filled with rebels. The president and his advisors,

AMUSEMENTS
The Dixie Handicap, the latest
production made by Reginald Bark-
er for Metro-Goldwyn-Mayer, will be
at the Princess theater today. It is
a story of horse racing with a strong
dash of romance added, culminating in
the running of the Latonia stakes. The
final racing scenes were photograph-
ed at Latonia, Kentucky, in order that
authentic atmosphere might be ob-
tained.
Frank Keenan heads the cast as a
Southern Judge. Claire Windsor ap-
pears as his daughter, Lloyd Hughes
plays the hero, a trainer, and others
in the cast include Otis Harlan, John
Sainpolis, Edward Martindell, Ruth
King, and Joseph Morrison. Waldemar
Young wrote the adaption from the
story by Gerald Beaumont.

**LET'S HAVE A WAGON AND ROAD BRIDGE
ACROSS THE TENNESSEE RIVER.**
The Daily Times along with the entire public is quite
interested, in the fact we are enthusiastic about the pro-
position of building a wagon and road bridge across the
Tennessee river south of Huntsville.
Down here at Decatur \$100,000.00 in bonds will most
likely be voted by the Twin Cities for a wagon bridge.
Agitation is on at Florence in the following language
from The Daily News in behalf of a bridge there. It says:
Citizens of Albany-Decatur are proposing to bond
themselves to the extent of one hundred thousand dol-
lars to secure a bridge across the Tennessee river.
Proponents are enthusiastic over the stimulus to city
building that such an improvement will bring. All of
which reminds us that we, too, need a new bridge
over the river. The present bridge is entirely in-
adequate and must be replaced with one that will
meet the demands of traffic made upon it. The
bridge over the Dam will relieve the situation some-
what, but this is not in the right place to give the
service needed. A new bridge, of ample proportion
and located for convenience must be provided within
the next few years. And we may as well begin to
make our plans to provide for its construction.
Over in Morgan county and other territory south of us
we are losing a large amount of trade to this city be-
cause of the difficult way of getting to Greater Hunte-
ville.
The solution of the whole trouble lies in the building of
a wagon and road bridge across the Tennessee river and
in this effort we believe the officials of the N. C. & St. L.
Railroad could be interested. Confidently we believe that
such an enterprise would result in that road doubling its
business almost over night and would contribute to the
extensive development and prosperity of this section.
Of course Greater Huntsville can and will do anything
the Twin Cities, the Tri-Cities or any other section can
do. So lets go to it and win.—Huntsville Daily Times.

A TRAIN OF THOUGHTS
for the Sabbath and Other Days
Not so much their arguments, but persons themselves
cure heresy. A story of Bishop William F. McMurry illus-
trates this truth. But until it is told, is it not true
that modern heresy seeks to defy man and to humanize
deity? Such heresy teaches that men, "Divine sons of
God," need no Savior. Such heresy teaches that Christ
Himself was of earthly origin. As well talk as if a lilly
could spring to life and grow in a red hot iron furnace, as
to say the Savior had an earthly origin. It is unthinkable
that "The Bright and Morning Star" of the world's redemp-
tion, was a man like Socrates, Seneca, Confucius or Bud-
dahl. But if enough strong people advocate that Christ
was a mere man, the idea will prevail. (The trouble is,
except in mind, strong characters advocates no such doc-
trine. Those who are strong of heart and strong for their
fellow men are out and out for the old apostolic doctrines).
Because the great preacher Harry Fosdick, had NOT made
it clear that he believes in the deity of Christ, is the worst
kind of an argument against his orthodoxy. Mr. Fosdick,
may believe in the deity of Christ, is the worst kind of an
argument against his orthodoxy. Mr. Fosdick, may be-
lieve in the deity of Christ, but he has not succeeded in
clearing the matter up, to the satisfaction of his would-be
admirers. But, Fosdick is right, absolutely right, in say-
ing there is too much preaching "about Christ."
Bishop McMurry, knocked sky-high, that heresy that man
is so divine, that his needs only "spiritual blessings." He
said commentators declared that in the Lord's prayer. He
meant, in saying "Give us this day our daily bread" that
we were to ask only for spiritual food.
"I don't believe any such stuff" declared the Bishop
in a recent sermon to a Birmingham congregation. Bis-
hop McMurry stands over six feet tall, weighs over 250
pounds, and is also big of heart and brain. He made mere
"thinkers" look like thirty cents.
With nine tenths of the human race going to bed, not
knowing where breakfast is coming from," continued Bis-
hop McMurry, "commentators must not tell me, Christ
did not ask us to pray for real bread, corn bread and
wheat bread! If you had seen, in that far East, as I have
the roads thronged with beggars too weak to rise as they
held out their bony hands for a mere crumb, you would
feel the need of physical blessings as never before. We
should pray for God to help us get "the bread that per-
isheth" as well as the bread of eternal life." Finally,
heresy is getting things mixed. It is putting the cart be-
fore the horse. It is making human beings too divine
and seeking to rob the only divine Being who ever appear-
ed on this world of His deity.

BOYS LEAGUES
The Rinky Dinks, Wednesday after-
noon, trimmed the West Decatur ag-
gregation 19 to 17 in baseball, the
match being extremely interesting
throughout.
Thursday afternoon witnessed a
nine inning baseball affray between
the Junior Y. M. C. A. vs the West
Albanians, the score ending in a tie
of 15 to 15. The teams played an
extra inning to settle the tie, but
failed, the score still tied 16 to 16,
which will have to be played off next
week.
Above teams are members of the
Y. M. C. A. Twin-City Junior League,
which is conducted jointly by the Phys-
ical and Boys' Work departments of
the association, under direction of S.
E. Arvidson, physical director and
Fellow Himes, Boys' director.
The public is cordially invited to
witness these boy's matches at any
time. Admission is free. Matches
are played Monday, Tuesday, Wednes-
day and Thursday of each week, and
begin at 3:45.

WHY GO TO CHURCH ?
The Lord commands it. Experience of millions of people has proven the wisdom of it. Al-
most all of the Christian countries have been regular attendants at church services and
many of them have urged other people to attend. An honest consideration of our needs will

given elsewhere. God gives us the privilege of going to church to show our appreciation
of what He has done for us.

COMPLIMENTING MISS PETTEY

charming affair Friday night, when

Pettay who is soon to be married to

Ala. Mrs. Mann, assisted by Miss

hand painted brides and pink roses
and ferns on each end of the buffet
stood a cupid dressed in white draped

On Friday evening one of the most
delightful social occasions of the sea-

Young People of the Central Metho-

quet. The dining hall and tables were
beautifully decorated in spring flow-
ers and a delightful dinner was served
by the ladies of the church.

A fine gathering of young people
were present under the direction of
the committee on young people's work
and excellent program had been ar-
ranged. In addition to the regular
program, a stunt entitled "Miss Popu-
larity," proved to be one of the out-
standing features of the evening. Mr.

master and introduced each speak-

SPORTS

Tunney Gains Decision Over Greb At St. Paul Ring Show. Nurmi Wins.

Gene Tunney, light heavyweight champion carried six of the ten rounds against Harry Greb at St. Paul last night and grabbed a newspaper decision from the middle weight champ. Greb started off in characteristic style winning the first and second with a slashing attack to the head. Greb used the long swinging blows with both hands. Tunney fought cautiously through the first rounds. In the third both men opened up and Tunney drove Greb to a neutral corner. Greb was warned for fighting in the clinches. Greb missed many long punches but continued the aggressor as Tunney slowed up at the close of the round. Tunney carried the fight to his opponent in the fourth and fifth rounds and in the six and seventh he slowed Greb with a number of effective body punches. Greb was countering with an occasional left hook. The round ended with the men in a clinch. The eighth round saw Greb wrestle Tunney to the ropes and the referee warned him for holding. Tunney shook him with three body jolts and Harry continued his defensive tactics. Greb showed old form in the ninth using his long swinging attack. Tunney covered and used the same smashing body attack. In the tenth and last round both fighters turned loose. Greb scored with a left half dozen times and Tunney finished the fight with his body attack. Some of the sport writers gave Tunney eight of the ten rounds.

Paavo Nurmi, the Finnish Phantom gained another victory last night in the two mile event run at Pittsburgh. The Finn won easily, Verpe Booth, the second man, being half a lap behind. Jimmy Connelly of Georgetown was third.

Young Stribling battles Tommy Loughran on the coast tonight at San Francisco. Both men are runnerup for the lightweight crown and it is expected that the greatest crowd ever witnessing a prize fight in San Francisco will be present.

Taxes And Wages Are Biggest Telephone Expense

MORE than 60 per cent of the entire cost of your telephone service is represented by the two items of taxes and wages.

During the year 1924 the wage and tax bill of the Southern Bell Company amounted to \$10,640,819.

The company's tax expense in five States amounted to \$1,675,092, while the wage bill of 7,725 employees totalled \$8,965,727.

In Alabama the tax expense reached a total of \$341,749, or at the rate of \$5.03 per telephone.

In Alabama the wage bill of 1,705 workers amounted to

\$1,709,050, or more than \$1,000 per employee per year.

Although taxes form such a large part of telephone operating expenses, the Telephone Company has no objection to paying its just share of taxes, and pays cheerfully.

The cost of rendering telephone service, like the cost of all forms of government, has increased, but the rates for telephone service have not increased in anything like the same proportion as taxes, wages and other expenses.

These facts are published so that telephone users may know the details of some of the major expenses which are reflected in the cost of their service.
